

Volvo Construction Equipment is a part of the Volvo Group and is one of the world's leading manufacturers of construction equipment. We produce on four continents and have a market presence in over 140 countries worldwide. At our site in Konz, our employees develop, produce and distribute compact wheel loaders, wheeled excavators, crawler excavators and electric wheel loaders.

Do you want to join us in creating the world we want to live in? Then apply now as:

### Buyer (m/f/d)

#### Who are we?

Our Konz Plant Purchasing team is a team of eleven colleagues supporting products produced in VCE Konz factory. We lead the purchasing activities for new product developments, serial production as well as aftermarket and spare parts based on the sourcing strategies and the business requirements. We optimize the total cost and assure the Quality, Delivery and Cost objectives of the purchased items.

We are a multinational and multicultural team; colleagues with unique experiences, knowledge and opinions. Open feedback culture and respect for each other is an essential cornerstone for our success.

If you feel you fit this role, we look forward to receiving your application via the [Volvo Recruitment Online System](#). See you soon, future team member!

**Volvo Construction Equipment Germany GmbH**  
Max-Planck-Straße 1 - D-54329 Konz-Könen
