

COMMISSIONING ENGINEER FOR STAGE AUTOMATION CONTROL /C·A·T m|f|x

WAAGNER-BIRO LUXEMBOURG STAGE SYSTEMS

Waagner-Biro Luxembourg Stage Systems S.A. is part of the Waagner-Biro Stage Systems Group, one of the world's largest suppliers of stage technology, with headquarters in Austria. As one of the global market leaders, the company develops and installs stage technology systems for opera houses, theatres, music halls, multi-purpose halls, and cruise ships. The main focus at the Luxembourg location in Rodange is developing the safety-related control system for the stage machinery "Computer-Aided Theatre" (C·A·T), which uses state-of-the-art technology to control the upper stage and lower stage machinery in more than 200 venues worldwide.

TASK DESCRIPTION

Join our multi-national setup & commissioning teams working in theatres, opera houses, and cruise ships worldwide, currently focusing on Europe and Asia. Independently perform configuration, commissioning, acceptance testing, and training of our C·A·T stage control systems that control entertainment power flying systems and stage machinery, including lifts, turntables, stage wagons, and other movables on stage.

OUR REQUIREMENTS

- You can read and understand electrical circuit diagrams
- Detecting and solving problems in an electrical circuit is nothing special for you
- You have at least the necessary I.T. skills, like using the Microsoft Office tools
- **You can maintain your own and others safety in construction environments**
- **First experience in commercial project management**
- Target orientated working method and cost management
- Strong communication skills and teamwork
- A high degree of self-motivation and hands-on mentality.
- **Willingness for international travelling is mandatory.**
- Fluent in English, written and spoken
- Knowledge of French and/or German is an asset
- **European working permission is mandatory**
- **Programming knowledge of PLC systems, ANSI C, JavaScript or any other**
- Experience with Linux console
- **Knowledge of functional safety standards**
- **Detail knowledge of servo motor applications**

BE PART OF SOMETHING BIG!

A career with Waagner-Biro Stage Systems delivers chances and challenges alike. Working in an internationally renowned company is not only exciting, but it also represents enrichment in personal and professional development. As a commissioning engineer, you are probably the most important person to ensure our C·A·T projects' quality and timeline.
