

## Career Compass Programme (m/f/d)

November 2022

### DESCRIPTION

The Career Compass Programme gives you the opportunity to discover different types of jobs over a period of two years at Associate level.

Rather than starting your career with a focus on audit, advisory or tax, you will experience each of them while being trained and coached in one of the best team working atmospheres you can have.

You will be exposed to small and fast growing clients as well as to large organisations. They are often well known and many have wide international reach.

What happens at the end of the programme? You will follow a classic career in Audit, Tax or Advisory depending on the one you like best. Bring your whole self to PwC and discover how far you can go.

### YOUR PROFILE

- You are or will be soon graduated and look for a diverse career start;
- You are fluent in English. French and German are considered as an asset;
- You are curious, willing to learn, rigorous and proactive;
- You have both strong communication and good analytical skills;
- You are a good team player and you work on multiple tasks
- You have developed an agile mind, capable of setting up priorities;
- You are a fast learner with the ability to understand complex matters in a relatively short period of time.
